

QC Laboratory Technician (m/f/d) – Tulln, On Site

In this role you are responsible for the analysis of vitamins and carotenoids in feed and premix samples in a small, but diverse team and a modern and new environment. It would be preferable if you have experience with lab work and could bring experience with chromatographic methods to the team.

At dsm-firmenich people are at the heart of the company. We are committed to equal employment opportunities and value diversity in the workplace.

Your key responsibilities

- Analysis of vitamins, carotenoids and other ingredients of premixes and feed
- Sample preparation and quantitative determination with chromatographic, wet chemical and photometric methods
- Data analysis, evaluation and documentation of the results (according to ISO 9001)
- Sample logistics (receipt, registration in LIMS, forwarding of the samples to external partners)
- Maintenance of laboratory equipment and procurement of chemicals and consumables

We bring

- A culture that prioritizes safety and well-being, both physically and mentally;
- A rich history and a promising future of bold scientific innovation and passionate creation with our customers;
- Barrier-free communities within our organization where every employee is equally valued and respected – regardless of their background, beliefs, or identity;
- A space to grow by encouraging and supporting curiosity and an open mindset;
- State-of-the-art laboratory equipment in our facilities
- Attractive benefits such as optional Klimaticket for whole Austria (after 6 months of employment), supported canteen, company sports programs, accident insurance for work and private incidents, fresh fruit and free drinks
- We offer you an income based on your qualifications and market conditions, with a minimum annual gross salary of €35,700.
- Your place of work: Tulln an der Donau
- Type of employment: Full time for 38,5 hours / week

You bring

- Scientific education with experience in the laboratory (HTL or BSc)
- Experience with chromatographic methods (HPLC, LC-MS/MS, GC) would be a plus
- Experience with the analysis of food and feed is of advantage
- Good computer skills including Lab IT (e.g. LIMS)
- Precise and organized way of working, independently and in a team
- Good English skills mandatory, German would be of advantage

The application process

Interested in this role? Then please apply online via our career portal.

The process is basically based on the dsm-firmenich application procedure, which is described on the dsm-firmenich career website. For data protection reasons, we can only accept and process applications via our career portal.

For further information, please contact Vanessa Kolm, P&O Assistant, vanessa.kolm@dsm.com.

Equal Opportunities Commitment

dsm-Firmenich is fully dedicated to inclusion because when people feel engaged and empowered, their creativity and innovation drives unprecedented progress. We aim to build a workplace where opportunity really is equal, so everyone can thrive. We do not discriminate: there's a place for everyone at DSM-Firmenich.

dsm-Firmenich is an Equal Opportunity and Affirmative Action Employer. dsm-Firmenich people are as diverse as our customers. For us that includes a commitment to ensuring equal employment opportunities for all job applicants and employees. Employment decisions are based upon job-related reasons regardless of an applicant's race, color, religion, sex, sexual orientation, gender identity, age, national origin, disability, marital status, genetic information, protected veteran status, or any other status protected by law.

We are committed to providing reasonable support for disabled applicants in our recruiting process. Should you need assistance, and are comfortable to share this, please let us know.
